

“Part of Your World!”

THE LITTLE MERMAID is potentially one of the most beloved Disney animated movies and musicals of our time. The show has a way of drawing in our creativity, letting our imaginations wonder, paralleling character hardships to real life events, and illustrating our teenage emotions.

As we end our musical script read-through, I want you to reflect on the moments that really meant the most to you! Really try to connect these fictional plotlines to your own reality.

Due Monday, October 3rd = Reenactment of The Little Mermaid

- Please pick any 2 – 4 pages within the script that are either before or after a song within the musical. You will be expected to partner with another classmate to bring these pages to life. In addition, you will be expected to “lip ‘sync” a song from the musical. You may use props and costuming. Be as creative as possible.

You will be evaluated on the following:

- *Diction!*
- *Delivery of Lines!*
- *Projection!*
- *Expression/Stage Presence!*
- *Preparedness!*
