

You're Golden Musical Experience *throughout the Years!*

You have grown up with music all around you, whether it was listening to the radio, hearing it in movies, or from learning a subject in school. Music has even become an important part of the curriculum for our district, and it has showcased many talented performances for our community. Please describe your musical experiences and what kind of performing productions you have been a part of throughout the years. (If you have not yet graduated to a grade that is listed, please write a musical goal you would like to achieve during that year.)
